

OUR PHYSICIAN

Craig R. Sweet, M.D., earned his undergraduate degree at Northwestern University. He completed his medical school, internship and residency in Obstetrics & Gynecology at Southern Illinois University School of Medicine. His fellowship in Reproductive Endocrinology, Infertility & Genetics was completed at the Medical College of Georgia. He is Board Certified and re-certified in both the speciality of Obstetrics & Gynecology and the sub-speciality of Reproductive Endocrinology & Infertility.

He serves as Program and Medical Director of the Assisted Reproductive Technologies (ART) here at **SRMS**.

Dr. Sweet is a member of more than a dozen scientific and professional societies. He continues to serve on numerous Hospital and Ethics Committees. He is President-Elect for the Lee County Medical Society.

He was recognized for his scholastic performance in medical school with membership in the Alpha Omega Alpha (AOA) Honors Medical Society. He also received awards for his research during residency. Dr. Sweet's previous research, presentations and publications included the areas of recurrent pregnancy loss, genetics, molecular genetics, transvaginal ultrasound, congenital pediatric gynecologic malformations, ambiguous genitalia, endometriosis, embryo transfer techniques and ART. He continues to lecture on contemporary issues including Preimplantation Genetic Diagnosis (PGD) and ethical issues involved in ART. His practice assists in the education of Florida Gulf Coast University students and nursing students throughout the region.
