Progesterone	\$130.00
Venipuncture (x2)	\$52.00

Subtotal: \$810.00

These fees above are standard in the evaluation of the patient receiving donor sperm. Above fees do not include physical exams, HSG studies or other procedures/labs that may or may not be requested by your physician.

### Routine Partner Laboratory Studies (When Applicable):

HIV (Human Immunodeficiency Virus)	\$96.00
Venipuncture (x1)	\$26.00

Subtotal: \$122.00

### Donor Sperm Shipping:

**Standard Two-Day Shipping and Handling Fees include-** \$190.00

- Two-Day transport fee paid to express carrier
- Standard air return shipment of the original transport container

### Semen:

**Cryogenic Laboratories Anonymous (unwashed)** \$415.00/vial

**Cryogenic Laboratories ID Option (unwashed):** \$540.00/vial

ID Option donors agree to allow Cryogenic Laboratories or Fairfax Cryobank to share identifying information with any registered offspring, 18 or older,

Therapeutic Donor Insemination Price List (cont.)

conceived with the use of their donor semen specimen.

**Fairfax Anonymous and Fairfax Anonymous Graduate\* (unwashed):** \$545.00/vial

\*All graduate donors are in the process of earning or have completed a post college graduate degree.

**Fairfax ID Option and Fairfax Graduate ID Option (unwashed):** \$665.00/vial

Please see the Fairfax Cryobank website <http://www.fairfaxcryobank.com> for further information about Semen prices and please note that Fairfax Semen prices are subject to change. Also, please understand that there is no data that shows that the pregnancy rates are different between the various options listed above.

**SRMS Lab Receiving/Handling/Storage/Supply/Administrative/Nursing Fees:**

Laboratory receiving fee	\$17.00
Laboratory handling fee (transferring specimen, return of shipping container)	\$41.00
Storage fee (short-term)	\$24.00
Supplies (liquid nitrogen)	\$42.00
Administrative fee (records maintenance, liability coverage)	\$33.00
Nursing consultation	\$110.00
<hr/>	
Subtotal:	\$267.00

- Any specimens that are ordered outside of our usual ordering methods will be subject to the same SRMS Lab Receiving/Handling/Storage/Supply/Administrative/Nursing Fees as outlined above.
- The SRMS Lab Fees are billed for each delivery from the donor bank (i.e., will be the same for one, two or three delivered vials).

**Additional Storage Fees:**

1. It is expected that the period of donor sperm storage will be as short as possible. The following fees and restrictions apply to the cryopreserved donor sperm:
2. **The first 6 months** of donor sperm storage will be included in the SRMS Lab fees listed above.
3. **Pre-payment of \$324 will be requested for the following 12 months.**
4. If you transfer the donor sperm or ask that the specimens be destroyed/donated anytime within the billed 12 months, the fees will not be pro-rated.
5. These fees are **not** dependent upon the number of vials that are being stored.
6. While SRMS will send a reminder, the pre-payment of any 12-month increment will be your responsibility and must be paid at least 30 days before the 12-month increment is to start.
7. ***There will be no exceptions regarding the pre-payment for the donor sperm storage fees.***

**Abandoned Donor Sperm Concerns:**

Notwithstanding the above, in order to protect SRMS, the donor sperm will become the property of the practice, to be used as they see fit, if the storage fees are not paid in advance. Please realize that the practice is unable to indefinitely store hundreds or potentially thousands of unclaimed donor sperm vials.

We agree to notify SRMS of any change in our address or phone number. If SRMS is unable to contact us after reasonable attempts are made regarding the deposition of our stored donor sperm, we understand that the sperm will become the property of the practice.

Therapeutic Donor Insemination Price List (cont.)

**SRMS and other ART facilities have had difficulties with patients abandoning their donor sperm. We understand that it is our responsibility to make certain that SRMS knows of your whereabouts and that you take personal and financial responsibility for your cryopreserved donor sperm.**

**General:**

These services may be billed to your insurance if the coverage is available. If treatment for intra uterine insemination (IUI) is a covered service, we will bill your insurance company and collect any co-payments due at the time of your appointment. If IUI is not a covered service or we do not participate with your insurance plan, no charges will be billed to your insurance company. The fees below are the estimated totals without insurance. Fees will be due at the time of service. We will request a credit card on file at the time consents are signed. Please discuss any financial concerns you have with the billing manager regarding these requirements.

**TDI/IUI General Fees:**

Procedure	First Month	Following Months
Urine LH Detection Kits (Prices will vary from pharmacy to pharmacy)	\$54.00	\$54.00
**Ultrasound Procedure	\$171.00	---
Sperm Thaw	\$149.00	\$149.00
Sperm Wash and Prep	\$485.00	\$485.00
Intra-Uterine Artificial Insemination	\$466.00	\$466.00
Profasi-HCG (If no color change)	\$131.00	\$131.00
Injection cost for HCG (If no color change)	\$50.00	\$50.00
Ultrasound procedure (If no color change)	\$171.00	\$171.00
Subtotal:	\$1,677.00	\$1,506.00

\*\* The ultrasound procedure is usually only done on the first cycle to confirm insemination timing and is not a recurring monthly fee.

**The incurred costs estimated here are not guaranteed.** Individual variability often results in an unpredictable number of ultrasounds, blood tests and medication vials administered. Prices are based on our 2017 base fees. Fees are subject to change without notice.

I have read the information above and my questions were answered to my satisfaction. I agree to fees and procedures provided to me here at SRMS. Furthermore, I agree to be responsible for the payment of charges.
